

## Neighborhood fund: Financial support for your ideas!

Is there something that you would like to change, improve or beautify in your neighborhood? Are there any projects or campaigns that are really important to you? The neighborhood fund may be just what you need, the City of Bonn provides finance for projects organized by residents in Lannesdorf und Mehlem.

### We need your ideas!

Using the fund you can actively support change and make improvements in your direct environment and thus contribute to raising the quality of life in Lannesdorf and/or Mehlem. Seize this opportunity - as a club, group or individual - and apply to us for financial support for your local project or campaign!

### What can be funded?

Measures supporting integration, social or cultural activities, education/training for adults or children, sports events or neighborhood improvements. A maximum of 3,000€ can be awarded per project. The main purpose of the project must be to promote community spirit and the applicant is responsible for the project's implementation. The "Quartiers Jury", made up of residents from both districts, decides whether the project is to be funded.

## We are looking for you!

Are you motivated and have the time to **get involved**, for example in the fields of creativity, art, culture, languages, ecology, sport, music, homework support or even cooking? Whether you have time once or several times a week or just once a month: we value the support of volunteers greatly. Phone or write to us to discuss potential ideas. Together we will find the right field of activity for you.

Alternatively you can get involved in one of our working groups: **"Environmental and Climate Protection"** and **"Cultural Interaction"** were established at our neighborhood conference in 2019. Committed residents work together in these two groups to promote ideas and implement campaigns and projects in our neighborhood. They welcome anyone who wants to get involved.

We can also provide you with administrative and/or financial support should you want to **adopt a public tree or flower bed** in the neighborhood.

### We are a civic participation forum.

We organize regional conferences, meetings and events and are often out and about in the Quartier. We want to hear your concerns and to work with you to the benefit of our neighborhood in Lannesdorf and Mehlem!
